Montevue Living Room

Montevue Assisted Living

10:30 AM (following Thursday Coffee Social)

What is Residents' Circle?

An interfaith place for prayer, song and reflection. A place for you to share with other residents your spiritual reflections, your creativity, your memories and your concerns. Most of all, it is a place that you will help to define with your personality and interests.

Remember,

Residents' Circle is You!

Do you have a favorite color?

Most everyone has a favorite color, but one that changes as we move through the seasons or one that has changed several times in the course of our lifetimes.

Different colors are often associated with different personality traits and emotions. For example, violet and purple are thought to represent inspiration, imagination, individuality and spirituality, the latter assisting us during prayer and meditation, helping us to get in touch with our deeper thoughts.

Do you have a favorite color today? If so, why this choice? Do favorites stay with you, or do they change often?
